## PREMIUM QUALITY

Quality is Our PRIDE

Due to the insistence on high quality and affordable pricing, Yanre Fitness stands out among manufacturers throughout China and worldwide.

It's a reputation we are proud of.

## RAW MATERIALS

Our attention to production quality is second to none.

Our standards include using 3mm thickness pipe, using the best component parts and applying the most efficient assembly process.

That's why our products stand the test of time.

## AWARDS

We have received a number of awards for excellence of product quality :

- Award for excellence in public sports in China
- Award for best enterprise
- Award for excellence in public sports in Anhui

## SELF-DESIGN

### They Copy, We Design

If quality is the soul of a company, then innovation is its heartbeat.

From the towering parabola designed 73 series to the simplest device for sky yoga, our standards of detail and quality can be seen in every welded joint, powder-coated finish, the material used, and the training angle.

We believe that training equipment should feel just right for the user. That's why we have been dedicated to build smooth and sturdy equipment, giving the user a sense of comfort and confidence that helps them get the best possible workout.

## OVER 40 PATENTS
